SENATE BILL

No. 460

Introduced by Senator Pavley

February 21, 2013

An act to amend Section 125055 of the Health and Safety Code, relating to public health.

LEGISLATIVE COUNSEL'S DIGEST

SB 460, as amended, Pavley. Prenatal testing program: education.

Existing law imposes various responsibilities upon the State Department of Public Health and prenatal care providers with respect to prenatal care, screening, and counseling. Existing law requires the department to develop an education program designed to educate physicians and surgeons and the public concerning the uses of prenatal testing and the availability of the prenatal testing program.

This bill would require the department to include prescribed information regarding environmental health in the California Prenatal Screening Program—~~Prenatal Patient Booklet~~ *patient educational information*, and to post that *environmental health* information on the department's Internet Web site. This bill would require the department to send a notice to all distributors of the ~~booklet~~ *patient educational*

information that informs them of the ~~change to the booklet~~ *change to that information*, and encourages obstetrician-gynecologists and midwives to discuss environmental health with their patients.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 125055 of the Health and Safety Code
2 is amended to read:

3 125055. The department shall:

4 (a) Establish criteria for eligibility for the prenatal testing
5 program. Eligibility shall include definition of conditions and
6 circumstances that result in a high risk of a detectable genetic
7 disorder or birth defect.

8 (b) (1) Develop an education program designed to educate
9 physicians and surgeons and the public concerning the uses of
10 prenatal testing and the availability of the program.

11 (2) (A) Include information regarding environmental health in
12 the California Prenatal Screening Program ~~Prenatal Patient Booklet~~
13 *patient educational information*. This *environmental health*
14 information shall include the following statement:

15
16 “We encounter chemicals and other substances in everyday life
17 that may affect your developing fetus. Fortunately, there are steps
18 you can take to reduce your exposure to these potentially harmful
19 substances at home, in the workplace, and in the environment.
20 Many Californians are unaware that a number of everyday
21 consumer products may pose potential harm. Prospective parents
22 should talk to their doctor and are encouraged to read more about
23 this topic to learn about simple actions to promote a healthy
24 pregnancy.”

25
26 (B) The department shall include in the ~~booklet~~ *patient*
27 *educational information* links to educational materials derived
28 from peer-reviewed materials based on the best available evidence
29 relating to environmental health and reproductive toxins.

30 (C) The department shall post the *environmental health*
31 information described in subparagraphs (A) and (B) on its Internet
32 Web site.

(D) The department shall send a notice to all distributors of the ~~booklet~~ *patient educational information* informing them of the change to ~~the booklet~~ *that information*. In the notice, the department shall encourage obstetrician-gynecologists and midwives to discuss environmental health with their patients and to direct their patients to the appropriate page or pages in the ~~booklet~~ *patient educational information* to provide their patients with additional information.

(E) In order to minimize costs, the *environmental health* information described in this paragraph shall be included when the ~~booklet~~ *patient educational information* is otherwise revised and reprinted.

(F) The department may modify the language in the ~~booklet~~ *patient educational information* after consultation with medical and scientific experts in the field of environmental health and reproductive toxins.

(c) Ensure that genetic counseling be given in conjunction with prenatal testing at the approved prenatal diagnosis centers.

(d) Designate sufficient prenatal diagnosis centers to meet the need for these services. Prenatal diagnosis centers shall have equipment and staff trained and capable of providing genetic counseling and performing prenatal diagnostic procedures and tests, including the interpretation of the results of the procedures and tests.

(e) Administer a program of subsidy grants for approved nonprofit prenatal diagnosis centers. The subsidy grants shall be awarded based on the reported number of low-income women referred to the center, the number of prenatal diagnoses performed in the previous year at that center, and the estimated size of unmet need for prenatal diagnostic procedures and tests in its service area. This subsidy shall be in addition to fees collected under other state programs.

(f) Establish any rules, regulations, and standards for prenatal diagnostic testing and the allocation of subsidies as the director deems necessary to promote and protect the public health and safety and to implement the Hereditary Disorders Act (Section 27).

(g) (1) The department shall expand prenatal screening to include all tests that meet or exceed the current standard of care

1 as recommended by nationally recognized medical or genetic
2 organizations, including, but not limited to, inhibin.

3 (2) The prenatal screening fee increase for expanding prenatal
4 screening to include those tests described in paragraph (1) is forty
5 dollars (\$40).

6 (3) The department shall report to the Legislature regarding the
7 progress of the program with regard to implementing prenatal
8 screening for those tests described in paragraph (1) on or before
9 July 1, 2007. The report shall include the costs of screening,
10 followup, and treatment as compared to costs and morbidity averted
11 by this testing under the program.

12 (4) (A) The expenditure of funds from the Genetic Disease
13 Testing Fund for the expansion of the Genetic Disease Branch
14 Screening Information System to include the expansion of prenatal
15 screenings, pursuant to paragraph (1), may be implemented through
16 the amendment of the Genetic Disease Branch Screening
17 Information System contracts, and shall not be subject to Chapter
18 2 (commencing with Section 10290) or Chapter 3 (commencing
19 with Section 12100) of Part 2 of Division 2 of the Public Contract
20 Code, Article 4 (commencing with Section 19130) of Chapter 5
21 of Part 2 of Division 5 of Title 2 of the Government Code, or
22 Sections 4800 to 5180, inclusive, of the State Administrative
23 Manual as they relate to approval of information technology
24 projects or approval of increases in the duration or costs of
25 information technology projects. This paragraph shall apply to the
26 design, development, and implementation of the expansion, and
27 to the maintenance and operation of the Genetic Disease Branch
28 Screening Information System, including change requests, once
29 the expansion is implemented.

30 (B) (i) The department may adopt emergency regulations to
31 implement and make specific the amendments to this section made
32 during the 2006 portion of the 2005–06 Regular Session in
33 accordance with Chapter 3.5 (commencing with Section 11340)
34 of Part 1 of Division 3 of Title 2 of the Government Code. For the
35 purposes of the Administrative Procedure Act, the adoption of
36 regulations shall be deemed an emergency and necessary for the
37 immediate preservation of the public peace, health and safety, or
38 general welfare. Notwithstanding Chapter 3.5 (commencing with
39 Section 11340) of Part 1 of Division 3 of Title 2 of the Government
40 Code, these emergency regulations shall not be subject to the

1 review and approval of the Office of Administrative Law.
2 Notwithstanding Sections 11346.1 and 11349.6 of the Government
3 Code, the department shall submit these regulations directly to the
4 Secretary of State for filing. The regulations shall become effective
5 immediately upon filing by the Secretary of State. Regulations
6 shall be subject to public hearing within 120 days of filing with
7 the Secretary of State and shall comply with Sections 11346.8 and
8 11346.9 of the Government Code or shall be repealed.

9 (ii) The Office of Administrative Law shall provide for the
10 printing and publication of these regulations in the California Code
11 of Regulations. Notwithstanding Chapter 3.5 (commencing with
12 Section 11340) of Part 1 of Division 3 of Title 2 of the Government
13 Code, the regulations adopted pursuant to this chapter shall not be
14 repealed by the Office of Administrative Law and shall remain in
15 effect until revised or repealed by the department.
